Friends for a Greener Bernardsville is a non-profit 501(c)(3)
We strive to make the Borough of Bernardsville a more naturally beautiful place.

We rely on community donations to continue our efforts to beautify our town. Your donations enable us to hang baskets along our main streets, add beautiful plantings downtown in containers, and continue to promote environmental awareness.

Friends for a Greener Bernardsville planted Cherry blossoms on the hillside across from the Firehouse in 2003 from a generous donation, daffodils were added in 2012.

We Need Your Help

Please consider a donation to help keep Bernardsville green to save the hanging flower baskets and planters that beautify our light posts along Route 202 and Olcott Square. As well as for the watering and care to maintain them.

Imagine Bernardsville without all the beautiful flowers lining our main street and center of town. How bleak... void of color, warmth and the joy they bring. Driving thru town my eyes wander looking for the colorful hanging flower baskets and containers. As I walk thru our beautiful downtown something is missing...

We've all had a tough and challenging year including Friends for a Greener Bernardsville.

We are faced with financial challenges in securing the means necessary to maintain the aesthetic of our downtown with this beloved tradition. Sending mailers to everyone was costly but resulted in some wonderful contributions both large and small. We'd like to put our limited funds toward plants instead of mailers
